Mecklermedia's Official Internet World Internet Yellow Pages

At the gullible age of under thirteen, Adnan decides it was time to start a journey. He feels restless and it bothers him no end. Whatever he has been thirsting for, he's ready, he thinks. He is gutsy, no doubt, both in mind and spirit. One day, toughened by inherent courage and determination, he runs away, unsure where he's heading, yet he continues. He knows his family will move heaven and earth to trace his whereabouts, but no one will find him. A twist of fate, however, intervened. He was back home after months of bizarre wandering, without his predilection. All his boyish dreams end there, he thinks, but he was wrong. In 2005, his real journey begins, a real one, not the fanciful ones he had experienced, he thought extraordinary. He thinks he'll find the answers to his long time reveries by braving the odds and undermining the fears in a faraway land like Afghanistan.

Winner of a Shingo Prize for Excellence in Manufacturing Research Training Within Industry, by Donald Dinero, explores a crucial piece of a Lean initiative that has been overlooked throughout U.S. industry. The Training Within Industry (TWI) program developed by the United States during World War II has

Cabell's Directory of Publishing Opportunities in Education

Before You Even Open Your Mouth

This volume describes 24 publicly available multiple-perspective management-assessment instruments that relate self-view to the views of others on multiple management and leadership domains. Each instrument also includes an assessment-for-development focus that scales managers along a continuum of psychometric properties, and "best practices" for management development. The instruments reviewed are: (1) "Benchmarks"; (2) "Campbell Leadership Index" (CLI); (3) "COMPASS: The Managerial Practices Survey"; (4) "Executive Success Profile" (ESP); (5) "Survey of Executive Leadership" (EXEC); (6) "Leader Behavior Analysis II" (LBAII); (7) "The Visionary Leader: Leader Behavior Questionnaire" (LBQ); (8) "Leadership Effectiveness Analysis" (LEA); (9) "Acumen Leadership Skills" LEADERSHIP SKILLS; (10) "Leadership/Impact" (LI); (11) "Leadership Practices Inventory" (LPI); (12) "Life Styles Inventory" (LSI); (13) "MANAGER VIEW/360"; (14) "Matrix: The Influence Behavior Questionnaire" (MATRIX); (15) "Management Effectiveness Profile System" (MEPS); (16) "Multifactor Leadership Questionnaire" (MLQ); (17) "The PROFILER"; (18) "PROSPECTOR"; (19) "Survey of Leadership Practices" (SLP); (20) "The Survey of Management Practices" (SMP); (21) "System for the Multiple Level Observation of Groups" (SYMLOG); (22) "Types of Work Index" (TWI); (23) "VOICES"; and (24) "Acumen Leadership Work Styles" (WORKSTYLES). Three aspects are described for each instrument: (1) descriptive: author; vendor, copyright date, purpose, target audience, cost, scoring and certification procedures, duration, format, and raters; (2) research: origins, scales, scale definitions, samples, cautionary statement, and instrument reports; and (3) training: sample instrument, sample feedback report, and training materials. (RIB)
Power Quest, Book Two

Becoming the Supervisor

There are many books available covering the Training Within Industry (TWI) programs, but few include any unique material on adaptation or modification. This dearth of new has caused practitioners to alter the programs without understanding the underlying principles. These changes have made the programs less effective. One must, however, maintain the principles used in the programs when changing the delivery of the programs to suit the culture. The purpose of The TWI Facilitator’s Guide: How to Use the TWI Programs Successfully is to prevent the TWI programs from falling into misuse and disuse. This book will explain the main principles of the TWI programs and what they can accomplish, but it will also stress what they are not. This book reviews what the programs are and then explains how to use them. It tells why we do certain aspects of each program. When we know why we do something, we won’t stop doing it for the wrong reason.

Life After 25

Thoroughly updates and expands the founding classic in the field of human resource development, providing comprehensive and authoritative coverage of the concepts, strategies, and activities that make up the field today. Provides worksheets for applying HRD concepts, detailed categories of HRD practitioners, and an extensive bibliography of HRD literature.

Optimal Aging

In this compelling sequel to Power Quest Book One: America's Obsession with the Paranormal, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nations capital and concluding with the CIA’s clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America’s erstwhile alliance with German fascism linked to the infamous personalities of Hitler’s Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of Power Quest, The Ascendancy of Antichrist in America, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But Power Quest: The Ascendancy of Antichrist in America is not a selective proof texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?"

The Twi Facilitator's Guide

Survival Guide

Ashton Memorial
Alone Among People

The Anarchist’s Guide to Grammar: “Banish the “rules” of grammar in the U.S!” is the revolution called for by author Val Dumond. “Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!” “We’ve been taking U.S. language for granted,” claims this long-time writer. We make several assumptions: 1) that we have a language called “Proper English”; 2) that a set of “rules” lies in some mysterious place, written by some mysterious authority; 3) that one must follow those “rules” to speak and write correctly. Not so! The time has arrived to banish what we call “rules” and expose the assumptions.

Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar “rules” to be followed in order to speak proper, correct, good English. “We’re not in England anymore!” she points out. Oh yes, we started out with British “rules,” but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of “rules,” confusion and doubt rear their heads. Must we in the U.S. speak “proper English” or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don’t depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn’t stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the “rules” that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group’s interpretations. And she shows you how. All this is included in The Anarchist’s Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?” At last, you’ll understand why there aren't any. At last you can write your own guidelines.

Bibliographic Guide to Government Publications

The Beginner’s Guide to Atheism is a sometimes serious, sometimes witty (and sarcastic) look at religion and why people should avoid superstitious beliefs whenever possible. This book is a highly opinionated assault on all things supernatural and a real take-down of deities and demons alike. It covers logic, reason, belief, knowledge, dogma and even apologetics in a way that guarantees you’ll not only understand it, you’ll also never forget what you just read. Remember: Nothing is sacred.

Essentials of migration management

AN INTERACTIVE EXPERIENCE CHILDREN WILL NOT FORGET! Word Queen Book Two features three stories: digraphs (th, sh, ch-tch, wh, ph, gh), QU, and oo, ou, ow, ui, ew. The Word Queen is a mysteriously, irresistible character that ingrains the endless rules of decoding the English language into the minds of children. This exciting reading program, created by a National Board Certified teacher, instills the ability to read into kindergarten thru second grade students. Since only about 10% of text can be decoded using the basic 26 letter sounds of the alphabet, this is a much needed program in education today. It is easily implemented and designed to accommodate the time constraints of teachers. The Word Queen engages children holistically through real life interactions and creates an enthusiasm and eagerness to learn! Teachers say: “The kids are so excited, they don’t even realize they are
If you want to go up the ladder of success, if you want to get what you want, if you want to fulfill that "burning desire" that keeps your mind busy all the time and you do not do something about it, if you want to do "that thing" that you wanted to do some day but you never got a chance to do so, you must take your hands out of your pockets, roll up your sleeves, and take action now. You cannot sit still and expect the elevator of success to come down and take you to the peak. It has not happened to anyone. It will not happen to you either, guaranteed! Over the past several years I have helped many people like you to take their hands out of their pockets and climb their ladder of success. I have spent quality time with them, listened to them, felt their pain, assisted them in taking the right path, and made sure they came out of the process successful and fulfilled. I want to help you too. If you are committed to YOUR success and want to get what you truly want, this book is an excellent start. Are you ready for the journey?

Feedback to Managers

The Beginner’s Guide to Atheism

Becoming a Supervisor tells the story of Trevor who works as one of the production team in a small company that makes toy boats. He is thrust into the role of supervisor unexpectedly when his general manager reacts to his constant suggestions of how things could be better. When the GM becomes ill, Trevor struggles to take up the slack for several months until a new GM arrives. The core of the book follows Trevor’s growth under the coaching of Julie, his new GM. As Trevor deals with one challenge after another, Julie guides him on a journey to learn the core skills needed by all front-line leaders. The reader takes away four key ideas: (1) Front-line leadership skills are not too complicated to learn. (2) These skills are something that they can develop in themselves, regardless of what their organization does. (3) Tools and skills are there to help solve real business problems; implementing the tools is not a strategy. (4) In your role as supervisor (directing or responsible for others) you have to look after the mission of the company AND look after your people – doing only one is not an option. Essentially, this book is intended to give hope to a new supervisor or team lead. They will finish the book knowing that the skills they need can be learned and aren’t that difficult to acquire. It is designed to introduce the central skills that any supervisor has to be able to master at least with a basic working competency: instructing, leading, and making improvements in their own area. It introduces some of the more widely used tools that a new supervisor may need. More importantly, it ties these tools and skills to solving particular problems. Readers will understand that the tools are not important for their own sake, but only to the extent that the tools serve the larger objective of the organization. This book is designed to give the reader an entertaining and hopeful story about the very difficult transition from worker to supervisor, from being one of the crew to directing the crew. It is an emotionally tough transition, and the idea that someone could see a model of how it can work out will be helpful to folks new in a leadership role. Finally, the book provides a reference to other sources of information that will let the reader extend their learning about each of the tools or skills referenced in the contents.

Labor Notes

The book begins with an educational theory guide, to help deepen your understanding of why your horse is acting the way he does and what his motivating factors are. Following the theory guide are over 77 Solutions for herd bound behavior. Included in these solutions are exercises divided into sections individualized to how your horse is kept; Stall, Pasture, Pair bonded, etc. It also includes strategies for riding, Emergency "In the moment" solutions and pages to record your progress on. These strategies can be used with each member of the herd, this is most valuable in situations where a single buddy horse is left behind. By using the exercises, programs and approaches
you can create horses that are more self confident and able to be separated with more ease and relaxation. I am incredibly excited to get this information in the hands of horse lovers who struggle with this frustrating and destructive issue! There is nothing more peaceful then hearing horses munching on grass instead of screaming for their herd mate!

The Anarchist's Guide to Grammar

Always wanted to have your own Garden full of life and energy? Getting Your FREE Bonus Download this book, read it to the end and see "BONUS: Your FREE Gift" chapter after the conclusion. Survival Guide How to Live without Electricity Welcome to the Survival Guide: How to Live without Electricity and Get Out of A Disaster, a D.I.Y. book designed to show you alternative energy sources that are not based on the electrical grid that you can use during any situation to receive any level of electricity. More and more, individuals are trying to get off the electrical grid anyway they can to either avoid paying a high bill, become more self-sufficient, or replace the need for any type of utility company influence in their life so that they have control over their utilities. In this book, we will go over useful and pointless alternative energies, showing you most of the nitty gritty mathematics needed to determine what energy sources are viable for you. First, we will go over an energy source that can be used in any emergency situation that is cheap and affordable: Electrical Food. In this section, we will cover: What foods work, Which foods are better, How they work, We'll go ahead and cover solar energy, but in a unique way; we'll tell you how to transform solar energy into Hydrogen Fuel. Then we'll go over Pointless Energy to help clear your way through the scams of the internet, giving you solid explanations backed by science or mathematics as to why you shouldn't trust those sources for reliable energy. Then the remainder of the book will be about other energy forms, such as Water Wheels, Steam Engines, Portable Wind Turbines. These methods will show you pictures and instructions on either how to make your own or why you should buy your own. This is just a descriptive overview to help beginners live off of the grid. Download your E book "Survival Guide: How to Live without Electricity" by scrolling up and clicking "Buy Now with 1-Click" button!

Change Your Life

People who want to develop an act for birthday parties or street corners will find this book a blessing. Easy-to-follow directions on how to juggle, manipulate cigar boxes, do balancing tricks, and become an hilariously funny juggler. Contains 25 complete comic juggling routines. Simple enough for beginners, funny enough for professionals.

The Ultimate Guide to Softball Nutrition: Maximize Your Potential

Don't Shoot Yourself in the Foot Before You Even Open Your Mouth! The Writing Guide for Professional Speakers. Do you want to become a professional public speaker, someone who gets paid to speak in public about topics you are passionate about? If so, I’ve got good news and bad news. The bad news is that it's a crowded ole world out there-every Tom, Dick, and Harriet seem to be a "professional" speaker, armed with a book, a blog, and a boatload of subject-matter expertise. The good news is that only a few of these "professionals" can spell or even construct a correct sentence in American English. Look around! If you want to stand out, if you want to impress potential hosts, if you want to get hired again and again, then you have to recognize that your written words will probably be read before your spoken words are heard. In other words, your written words have to be flawless. In Before You Even Open Your Mouth, nine-time, award-winning author and public speaker Liz Coursen shares her expertise about how to write to impress. Liz speaks professionally 80-100 times each year, and part of her success, she believes, is the attention to detail she brings to every aspect of her speaking, including her promotional materials. "Punctuation and grammar is easy, and it's fun," she says. "And, since our writing is part of how people judge us, it's important for every professional speaker to know how to write well."

The TWI Facilitator's Guide

There are countless books on the market about nutrition, diet, and exercise in isolation. Optimal Aging brings these topics together as they relate to the process of aging and the diseases which so often accompany it. Written by Jerrold Winter, PhD, a professor of pharmacology and toxicology and the author of True Nutrition True Fitness, this book provides an integrated discussion about health matters, offering evidence-based advice regarding nutrition, exercise, and the use of pharmaceuticals as they relate to dementia, obesity, diabetes, cancer, pain, and other hazards of aging. Amid a sea of contradictory information about what's healthful, Optimal Aging stands out, delivering a comprehensive discussion about healthy living that's buoyed by source references, illustrative anecdotes, and just the right dose of humor. Drawing from current scientific understanding and providing historical perspectives, Winter speaks sensibly about drugs and their effects, vitamins and minerals, exercise, weight control, and treatment of age-related symptoms and diseases. With this authoritative book in hand, you'll gain a fundamental understanding of the disparate factors that come together to influence your well-being, setting you on the path to a longer, healthier, and happier life.

Resources in Education

It is the day after the end of the world. Angie Land and her two children are homeless, desperate and on the run from the hordes of corpses that have risen to consume the living. Parker Welch, a local hunter who also survived the end, is on a mission to find his estranged daughters. All are headed to the city of Ashton, which has also fallen to the undead. And conditions at Ashton Memorial Zoo are going downhill from there.

Training Within Industry

On Purpose, Selling Your Company With Intention And Purpose! was written as a guide for the small business owner to understand the steps involved in the process of selling a company for maximum value. Most business owners will only sell a company once or twice in a lifetime making them inexperienced at best. Hiring a business broker is one of the last steps you'll take in selling your company. I wrote this book so you can better understand the steps you need to take to begin the process of selling a company and maximize the value for all parties. I pull back the curtain and shed light on important aspects of selling that most buyers don't understand until it's too late. I arm you with the insight and experience needed to prepare yourself and your company for sale and successfully work through the sales process. After reading this book, you will be able to plan confidently and follow through with a successful sale of your company.

Rapid Development with Adobe Captivate 5 for Windows

While approaching age 25, Misha began to experience a quarter-life crisis, something she'd often heard of growing up. No one explained to her what exactly would happen but as she went through this transformative period alone, she began to reflect on everything from childhood to the present. She needed everything to make sense. It was essential to finding out exactly who she was and what her purpose is. Join Misha on this two-year journey (that takes place in the book) where you'll get a front-row seat on her life as she reflects on her most memorable life lessons.

Word Queen

The Ultimate Guide to Softball Nutrition will teach you how to increase your RMR (resting metabolic rate) to accelerate your metabolism and help you change your body for good. Learn how to get in top shape and reach your ideal weight through smart nutrition so that you can perform at your very best. Eating complex carbohydrates, protein, and natural fats in the right amount and percentages as well as increasing your RMR will make you faster, more agile, and more resistant. This book will help you to: - Prevent getting cramps. - Get injured less often. - Recover faster after competing or training. - Have more energy before, during, and after competition. Joseph Correa is a certified sports nutritionist and a professional athlete.

Embrace the force of change to make your life a true success story * Reveal your full potential for enduring
happiness Drawn from ancient resources and cutting-edge behavioural research, this outstanding collection of life-
changing techniques can help you discover your hidden potential for success in all areas of your life. Plus, there’s a
fabulous collection of life-enhancing dietary advice that can put you firmly back in control of your weight and
unleash new levels of energy and wellbeing. The bundle provides a wealth of daily practical methods and advice that
can help you attain far more from your life than you ever thought possible. These methods have been the foundation
for success for thousands of individuals around the world. Would you like to be one of them? The principles of
success are waiting at your fingertips in this revolutionary collection of superbly effective methods. So, if you believe
that there could be so much more to your life - more success, more happiness, better health, more joy, more love,
more satisfaction and more rewards for your efforts - this is the place for you to launch your new life. It’s time to
celebrate all that you’re really capable of achieving. Don’t waste another single day of your life with your eyes
closed to your true potential. It’s time to wake up and start living your ideal life. To the full!

Get What You Want

Seven billion people on earth; it was only a matter of time before you discovered the truth. Your legends--your myths
and religions--have called us by many names. Since the beginning, our kind has walked among you as your
protectors. We are the only ones who know who you are and why you are here. He wasn’t meant to disappear; you
weren’t meant to know why. Our objective was clear: hunt them, kill them and leave. Once you know, there will be
no going back. They will come for you. Are you ready?

Gardening

A mix of mystery and history, Gourmet Ghosts is a unique guide to more than 40 haunted bars and restaurants in
Los Angeles. Including new and previously-unpublished stories, photographs and eyewitness accounts, this book
also digs into the newspaper archives to find out if there's any truth to the tales - and offers tips on the best food,
drink and Happy Hours. From Downtown to Hollywood and from West Hollywood to the Westside, you can find out
which booth to choose if you want to dine with a ghost, read about ""The Night Watchman"" at the Spring Arts
Tower, walk in the steps of ""Glover's Ghost"" at Yamashiro or examine the strange pictures from the Queen Mary
and the Mandrake Bar. Your table is ready!

Solving Separation Anxiety

At just twenty-two years of age, Briana Mils finds herself at a desperate crossroads. Once a promising student at the
University of Oregon, she now finds herself alone on the streets of Portland with only the clothes on her back,
memories of a happier time, and the stray dog that's adopted her. And she's got the drug that helps her
forget.Briana's mistakes haunt her, lashing her with severe consequence, forcing her to make a decision few would
ever make. Still, in a final attempt to make her young life count for something, Briana begins writing it all
down—everything—so that others walking the crumbling precipice of rebellion might leap to safety before it's too
late. She writes about her present struggles and the past. She writes about Michael, the boy she loved and left behind
when she went off to college. She writes about the violent activism and drug that derailed her life. She writes about
the demands placed on her by a socially conscious mother, and the adoration shown by a proud father. And Briana
talks about Brody—the young activist leader who captured her heart, took it to the altar, and then crushed it. What
develops is an engrossing record of a young and troubled life, one both beautiful and ugly, innocent and corrupt,
lost and then found. And wrapped in its literary sinew is a cast of characters as diverse and engaging as the stars,
and an impassioned love story sure to transcend time. What readers are saying: "Timeless...provocative. ""Characters
so real you'd swear this was a true account."" A brilliant read!"" Alone Among People is D. M. Anthony's first novel.

He lives in California where he's at work on his next book. This review is from: Alone Among People (Paperback) A Compelling and Heart Warming Story, September 25, 2012

"Alone Among People is at once an engaging, moving story and a provocative statement about the thin line between thriving and sinking into an abyss as inescapable as quicksand. Its timeless and uplifting messages of hope conquering despair, healing borne of love and care, and peace at discovering one's identity are an inspiration. The author's empathy for the characters and their plight betrays knowledge of what he writes, and offers the reader a unique glimpse into a vulnerable and intimate place... his heart. I recommend this book to anyone who has traveled through the anguish of darkness and longed for the light; it may just guide your way."

Love Me Gently

What happens when Cooper, a newly adopted puppy, takes up residence in Henry's home? The little pooch sure is adorable, but who knew he had so much to learn! Love Me Gently is a kid's guide to man's best friend. It captures the everyday challenges of raising a pup through a child's eye. But who is teaching who? Henry may be coaching Cooper, but he is also discovering valuable lessons about responsibility, unconditional love, patience, and kindness along the way!

The Training Trap

There are more than 1,000 school and community college (K-14) districts in California. To build, repair, or equip their campuses, they must ask voters to approve a general obligation (GO) bond and raise their property taxes rates -- a big ask. While GO bonds have become a multi-billion-dollar market, there has to date been no "how to" guide for district administrators, elected officials, taxpayer organizations, and concerned citizens. There is now. With hard-earned wisdom and wry wit, Dale Scott, California's leading K-14 financial advisor, has written WIN WIN: An Insider's Guide to School Bonds to demystify the complex, often challenging process that goes on "underneath the hood" in developing, structuring, passing, and selling a GO bond. Drawing on three decades of work as an advisor to school districts and community college districts, investment banker on Wall Street, financial advisor, and campaign manager, Dale walks readers through each step of the process, answering the many questions he's been asked over the years. Hard-hitting, detailed, and humorous, WIN WIN explores and explains why some bond elections pass but others fail, how bond deals are put together, tips on selecting the right team of professionals, how to avoid recent scandals surrounding GO bonds, and how to tell if tax rate estimates are accurate or just wishful thinking. Scott's book is an upbeat demystification of the complex processes of California school bonds, showing that when executed correctly, the teamwork of passing a school bond can have a transformative effect on both local schools and people's sense of their role in their community.

Dr. Dropo's Juggling Buffoonery

There are many books available covering the Training Within Industry (TWI) programs, but few include any unique material on adaptation or modification – This dearth of new has caused practitioners to alter the programs without understanding the underlying principles. These changes have made the programs less effective. One must, however, maintain the principles used in the programs when changing the delivery of the programs to suit the culture. The purpose of The TWI Facilitator's Guide: How to Use the TWI Programs Successfully is to prevent the TWI programs from falling into misuse and disuse. This book will explain the main principles of the TWI programs and what they can accomplish, but it will also stress what they are not. This book reviews what the programs are and then explains how to use them. It tells why we do certain aspects of each program. When we know why we do something, we won't stop doing it for the wrong reason.
